

Technical sheet

Réf : FT-P006

Product Type

Plastic foldable crates

Ref

CR020

Designation

PLASTIC CRATE VIRGIN RED
400X300X220 mm

Edition :

01/11/2023

Version : 02

CR020 - Plastic foldable crates PLASTIC CRATE VIRGIN RED 400X300X220 mm

EXTERNAL DIMENSIONS

Length (cm)	40
Width (cm)	30
Height (cm)	22
Folded body height (cm)	-

INTERNAL DIMENSIONS

Length (cm)	36,5
Width (cm)	28,5
Height (cm)	20,5
Volume (l)	21,0

Caractéristiques Techniques

Surfaces	Closed
Raw material	PPC
Weight kg	0,95
Dynamic Load kg	15
Static Charge kg	90
Color	Grey, Blue, Green, Red...
Standards	ISO
Origin	Türkiye
Ability to stack	Yes
Nest	No
Temperature	- 30°C to + 70°C
Use	Industrial / Food Industry

Plastic foldable crates are produced with PPC. With their ergonomic structure they save space when folded and stacked.

Plastic foldable crates are used in hardware, logistics, metal, furniture, food, textile etc. industries because of its space saving feature.
